To: Lester Snow, CalFed Executive Director
1416 Ninth Street, Suite 1155
Sacramento CA 95814

Dear Mr. Snow:

Water is a precious resource in our California. I urge you to ensure that CalFed creates and selects a "Smart Alternative" which is based on conservation and restoration to provide ample water for California's families as well as wildlife and farms into the 21st century.

Please enter these comments into the formal record for your Draft Programmatic Environmental Impact Report and Statement.

Thank you.

Sincerely,

Vera Mikuteit
